BIOGRAPHY:

I am a Pediatrician who has completed his Mastery in Medical Sciences in the field of Pediatrics at the age of 30 years at the Universidad Nacional Autonoma de México (UNAM). Currently, doing my Doctorate in Medical Sciences too at the same University, focusing in the identification of novel biomarkers associated with an increased risk of relapse in children with acute lymphoblastic leukemia. I am member of the National System of Researchers in México. I have more than 10 international scientific articles in prestigious Journals as for example the British Journal of Cancer, BioMed Research International, Pediatrics and Neonatology, and, I have published four chapters for International Books, last one in the Springer Editorial focused on the most recent knowledge about Etiology and Prevention of Childhood Leukemia worldwide. Additionally, I am the principal professor in Introduction to Medical Sciences corresponding to the Medical Physics Mastery in our National University.

RESEARCH INTERESTS

Childhood diseases, childhood cancer, leukemia, cardiopathies.

PUBLICATIONS

- 2015 **RISK FACTORS FOR INTRACARDIAC THROMBOSIS IN THE RIGHT ATRIUM AND SUPERIOR VENA CAVA IN CRITICALLY ILL NEONATES WHO REQUIRED THE INSTALLATION OF A CENTRAL VENOUS CATHETER.** Ulloa-Ricardez A, Romero-Espinoza L, Estrada-Loza MJ, González-Cabello HJ, Núñez-Enríquez JC. *Pediatr Neonatol.* 2015 Nov 5. pii: S1875-9572(15)00153-9. doi: 10.1016/j.pedneo.2015.10.001.
